

Adverbs and Adjectives

In Russian, adverbs answer the question “How?” **Как?**. They are formed from adjectives and always end with an **-о**. To form an adverb, replace the ending of the adjective (its last two letters) with the **-о** ending.

Adjective

хорош**ий**

плох**ой**

красив**ый**

дорог**ой**

Adverb

хорош**о**

плох**о**

красив**о**

дорог**о**

Remember

Use adverbs only together with related verbs. Adverbs are inflexible.
Adjectives are used together with nouns and agree with nouns in gender and number.

Noun + Какой?

обед

день

час

друг

человек
